

Status, aims & objectives of the Dorset German School:

The Dorset German School is a constituted organisation led by a small committee of at least three trustees.

We follow a child protection and equal opportunities policy and are bound by a constitution for charitable organisations.

We are also a member of the Society of the German Saturday Schools www.germansaturdayschools.com.

Our aim is to establish, maintain and conduct for the benefit of the public in the county of Dorset a German school for the general education of children. To educate children in the language and general culture of Austria, Germany and Switzerland, and to promote the study of the German culture and language amongst the general public.
